

Report for Annual General Meeting – June 2011
Past President, St. Andrews Heights Community Association
Submitted by Liz Murray

This is my second term as Past-President of St. Andrews Heights Community Association. Thank you to Jeff Schaefer for continuing the role of President last June.

Hall Rental Coordinator – job has been taken over by Allan and Meredith Simon as of December. Thank you to them for taking on the task.

New West Development - Liz has asked New West to remove “St Andrews Heights” from their site sign on Windsor which says “St Andrews Heights builder of choice”. Liz spoke to Tomo (contact number on sign) and he refused. Liz reported the sign to by-law and they removed it because it was infringing on City easement.

City Budget - the City put out the call for input from the public on the 2012-2015 budget.

Lease/License Info Session – Liz attended the May 18th information session put on by the City to get an update on the changes proposed for the City Lease/License changes. Changes will have to be approved by City Council before they are implemented. Other than the requirement of an annual business plan, none of the other proposed changes will have a major impact on SAH. The SAHCA LOC will end as of Dec 31, 2011. Liz has requested the City change the LOC site boundaries and reduce the footprint to minimized the number of trees the CA is responsible for.
